SECTION 2

You must sign the declaration because the school's needs written consent to request a review of results on your behalf. The school would also appreciate your consent to use your script anonymously to help develop our Teaching and Learning.

SECTION 3

The most efficient way for the school to communicate the conclusions of the various services is through email. This is our default method. However, we will also telephone the parent or guardian immediately if the overall subject grade has changed. This is particularly important for those pupils who want to progress to Higher Education.

The review will only be processed once the payment has been received.
